## Petey Pablo

My Mamma said seem like yesterday when my brother he was gonna leave here  
say he was gonna go and make something of heself  
see my brother wants just to be a rapper  
and he could rap real good too,  
he used to have this book he used to carry around with him all the time  
he used to calle it a diary, he used to take it everywhere he went  
one day he took it to church when we went to sunday school  
And the pastor asked him whats that you got in your hands  
He said this is my diary  
and the pastor told him that sinners couldn't have no diarys  
My brother said he was lying, and my brother said if he couldn't have a diary  
cause he was a sinner, he would just call it a diary of a sinner  
My mamma told him dont worry about what pastor said, my mamma told him dont  
worry about what nobody said  
if that was your diary, thats gonna be your diary  
Thats what my mamma said  
He said he gonna turn it into an album, and i believe him too  
Im just waitin' One day. One day we gonna turn on the radio...
