Rush

Suddenly --You were gone From all the lives You left your mark uponI remember --How we talked and drank Into the misty dawn -- I hear the voicesWe ran by the water On the wet summer lawn -- I see the foot prints I remember ---- I feel the way you would -- I feel the way you would -- I feel, I feel the way you would Tried to believe But you know it's no good This is something That just can't be understoodI remember --The shouts of joy Skiing fast through the woods -- I hear the echoesI learned your love for life I feel the way that you would -- I feel your presence I remember -- I feel the way you would I feel the way you would I feel, I feel the way you would This just can't be understood... I tried to believe But you know it's no good This is something That just can't be understoodI remember --I feel the way you would I feel the way you would I feel, I feel the way you would This just can't be understood...
