

# Bacon (feat. Ty Dolla \$ign)

Nick Jonas

Pretty mind, silk thoughts  
Start a fire when you turn the lights off  
Oh my, my God  
When he made you, he did a fine job I know you been hoping I'd give in  
But I ain't feeling that feeling, no  
Yeah, you right, maybe I'm trippin'  
The one thing I love more than being with you and that's Late nights, doing what I wanna do  
I got sleep eyes; I woke up like this  
Feelin' like, aw shit, throw some bacon on it  
One thing I love more than being with you  
And that's no ties, no drama in my life  
Yeah I, I woke up like this  
Feelin' like, aw shit, throw some bacon on it  
One thing I love more than being with you-ou-ou-ou  
Aye, you-ou-ou-ou  
Aye, you-ou-ou  
Sizzling, white hot  
Give me that sugar with the sweet talk  
You're perfect, but I'm not  
So how do we end up in the worst spot? I know you been hoping I'd give in  
But I ain't feeling that feeling, no  
Yeah, you right, maybe I'm trippin'  
The one thing I love more than being with you and that's Late nights, doing what I wanna do  
I got sleep eyes; I woke up like this  
Feelin' like, aw shit, throw some bacon on it  
One thing I love more than being with you  
And that's no ties, no drama in my life  
Yeah I, I woke up like this  
Feelin' like, aw shit, throw some bacon on it  
One thing I love more than being with you-ou-ou-ou  
Aye, you-ou-ou-ou  
Aye  
Dolla \$ign, Dolla \$ign  
Girl every time we get together, it's a movie  
You on top, got me feeling on your booty  
Know you hate it when you know there's other girls around  
Won't admit it, but you're acting so different now  
And it's hard to just let go like that  
When you been with a broad, and you go way back  
And you love what keeps you coming back  
And I love when a bad bitch down my back The one thing I love more than being with you Late  
nights, doing what I wanna do

I got sleep eyes; I woke up like this  
Feelin' like, aw shit, throw some bacon on it  
One thing I love more than being with you  
And that's no ties, no drama in my life  
Yeah I, I woke up like this  
Feelin' like, aw shit, throw some bacon on it  
One thing I love more than being with you-ou-ou-ou  
Aye, you-ou-ou-ou
