Bacon (feat. Ty Dolla \$ign)

Nick Jonas

Pretty mind, silk thoughts Start a fire when you turn the lights off

Oh my, my God

When he made you, he did a fine jobI know you been hoping I'd give in

But I ain't feeling that feeling, no

Yeah, you right, maybe I'm trippin'

The one thing I love more than being with you and that's Late nights, doing what I wanna do

I got sleep eyes; I woke up like this

Feelin' like, aw shit, throw some bacon on it

One thing I love more than being with you

And that's no ties, no drama in my life

Yeah I, I woke up like this

Feelin' like, aw shit, throw some bacon on it

One thing I love more than being with you-ou-ou

Aye, you-ou-ou-ou

Aye, you-ou-ou

Sizzling, white hot

Give me that sugar with the sweet talk

You're perfect, but I'm not

So how do we end up in the worst spot? I know you been hoping I'd give in

But I ain't feeling that feeling, no

Yeah, you right, maybe I'm trippin'

The one thing I love more than being with you and that's Late nights, doing what I wanna do

I got sleep eyes; I woke up like this

Feelin' like, aw shit, throw some bacon on it

One thing I love more than being with you

And that's no ties, no drama in my life

Yeah I, I woke up like this

Feelin' like, aw shit, throw some bacon on it

One thing I love more than being with you-ou-ou-ou

Aye, you-ou-ou-ou

Aye

Dolla \$ign, Dolla \$ign

Girl every time we get together, it's a movie

You on top, got me feeling on your booty

Know you hate it when you know there's other girls around

Won't admit it, but you're acting so different now

And it's hard to just let go like that

When you been with a broad, and you go way back

And you love what keeps you coming back

And I love when a bad bitch down my backThe one thing I love more than being with youLate nights, doing what I wanna do

I got sleep eyes; I woke up like this
Feelin' like, aw shit, throw some bacon on it
One thing I love more than being with you
And that's no ties, no drama in my life
Yeah I, I woke up like this
Feelin' like, aw shit, throw some bacon on it
One thing I love more than being with you-ou-ou
Aye, you-ou-ou-ou
