

# Swing It Bob! (feat. Bob Tutupoly)

## Mocca

\* Hello Dear! What can I do for you?  
Will you go and swing along tonight?  
Just take a step and they'll do the rest  
Just let it flow...and you will glow  
Just like the moonbeam up in the sky tonight  
Never mind...troubles that may have come  
Just go along with the tunes the band are playing  
But let's go and dance!  
Do tango or a mambo jumbo I don't care!  
To \*Do the cha-cha-cha.  
Do the Tango.  
Do the Samba.  
Or Perhaps play something sweet.slow.and nice like...a waltz?  
Na'ah! I prefer to go swinging...!  
Repeat \*
