

Zebra

Beach House

You know you're gold, you don't gotta
worry none
Oasis child, born and so wild
Don't I know you better than the rest
All deception, all deception from you Your love is stag in the white sand
Wilderness for miles, eyes so mild and
wise
Don't I know you better than the rest
All deception, all deception from you Any way you run, you run before us
Black and white horse arching among
us
Any way you run, you run before us
Black and white horse arching among
us Your love is stag in the white sand
Oasis child born into a man
Don't I know you better than the rest
All deception, all deception from you
Wilderness for miles, eyes so mild and
wise
Oasis child, born and so wild
Don't I know you better than the rest
All deception, all deception from you Any way you run, you run before us Black and white
horse arching among us Any way you run, you run before us
Black and white horse arching among
us
Any way you run, you run before us
Black and white horse arching among
us Any way you run, you run before us
Black and white horse arching among
us
