Beach House

You know you're gold, you don't gotta worry none Oasis child, born and so wild

Don't I know you better than the rest All deception, all deception from youYour love is stag in the white sand Wilderness for miles, eyes so mild and

wise

Don't I know you better than the rest
All deception, all deception from youAny way you run, you run before us
Black and white horse arching among

Any way you run, you run before us
Black and white horse arching among
usYour love is stag in the white sand
Oasis child born into a man
Don't I know you better than the rest
All deception, all deception from you
Wilderness for miles, eyes so mild and

wise

Oasis child, born and so wild Don't I know you better than the rest

All deception, all deception from youAny way you run, you run before us Black and white horse arching among usAny way you run, you run before us

Black and white horse arching among

us

Any way you run, you run before us Black and white horse arching among usAny way you run, you run before us Black and white horse arching among

us
