

# Window

Joji

I see nothing out the window, window  
Nothing out the window  
Watching all the leaves grow, leaves grow  
Feels better in my dreams though, dreams though And the sun will shine, no more  
The sun will shine (antidote), no more  
I've been holding on, too long  
Holding on too I know when the wind blows, wind blows  
Feels better in my dreams though, dreams though  
I just wanna sleep forever  
Please just let me leave, forever  
I don't need an antidote, antidote  
I don't need an antidote, antidote  
I don't need an antidote, forever  
(Forever, forever)  
We don't wanna drive slow, drive slow  
Speed up with our eyes closed, eyes closed Eyes closed, eyes closed  
Head down, eyes closed  
Ice cold, melt down
