

# Addiction

## Medina

Should I drink another drink  
See another light  
I know that you may think  
That I'm a broken little bird in my mind  
Cause I'm falling on the floor  
I'm climbing up the walls  
And everytime I get a grip  
I seem to lose myself just a little more  
Cause I am here and it eats me up  
Well, I love the way it feels  
I really shouldn't stay  
But I can't give up  
The more it hurts, the more I need  
It's like an addiction  
It's like an addiction  
Should I drink another drink  
Am I running out of time  
Confusion makes me think  
This solution is beyond my sorry mind  
Cause I am here and it eats me up  
Well, I love the way it feels  
I really shouldn't stay  
But I can't give up  
The more it hurts, the more I need  
It's like an addiction  
And I just can't break free tonight  
It's like an addiction  
Am I the only one with the sad eyes  
It's like an addiction  
And I just can't break free tonight  
It's like an addiction  
Am I the only one with the sad eyes  
I can't let go  
I, I, I can't let go  
I, I it's like an addiction  
And I just can't break free tonight  
It's like an addiction  
Am I the only one with the sad eyes  
It's like an addiction  
And I just can't break free tonight  
It's like an addiction  
Am I the only one  
I can't let go  
I, I, I can't let go  
I, I  
I can't let go  
I, I, I can't let go  
I, I
