## Pink Guy

Shut the fuck up  
You're a fucking cunt  
Shut the fuck up  
You're a stupid cunt, suck my dick Shut the fuck up  
Stop being a fucking cunt  
Shut the fuck up  
Nobody even wants you here What?  
I just want to let you know, you're a stupid fucking cunt  
Go ahead and run your mouth, pussy, I don't give a fuck  
You're a stupid piece of shit, you're a stupid fucking bitch  
Get the fuck up off my dick, get the fuck up off my dick, like  
Please end your fucking life, please end your fucking life  
I really gotta emphasize, no one cares if you're alive  
You're a fucking penis-hole, grab a dick and eat it whole  
I need to know if you were dropped when you were just a fetus though  
You're so fucking ugly and your face is fucking foul, jeez  
You're so fucking loud, can you shut your fucking mouth, can you  
Shut the fuck up  
You're a fucking cunt  
Shut the fuck up  
You're a stupid cunt, suck my dick  
Shut the fuck up  
Stop being a fucking cunt  
Shut the fuck up  
Nobody even wants you here Yeah  
Close your fucking mouth, you're just really fucking dense  
If you hate me, why you talking? You don't make no fucking sense  
Got a sad life, sad life, go to fucking hell  
Are you stupid or disabled, man, I can't fucking tell  
Meh  
You're a fucking dumb shit, you don't even run shit  
Get the fuck up out of my face and go to hell and eat a dick  
Come and catch these hands, boy  
Come and match these bands, boy  
I'm not crazy, I just do it all because I can, boy  
I hope you fucking die in a high-speed car crash  
I hope you fucking fall head-first and get your neck cracked  
I hope you have some beautiful children that die from cancer  
I hope you catch Zika when your wife gets pregnant  
I hope you win the lottery and die the next day  
And your daughter has to see you getting lowered in your grave  
Like, uh, ooh- that was a little dark

I'm sorry. Tha-that was a little dark. Very poor taste  
Shut the fuck up  
I shouldn't have said that  
You're a fucking cunt  
Actually, no, I should have  
Shut the fuck up  
Actually, I didn't say enough  
You're a stupid cunt, suck my dick  
Shut the fuck up  
Stop being a fucking cunt  
Shut the fuck up  
Nobody even wants you here
