

# Suspicious Minds

## Rusted Root

Were caught in a trap  
I cant walk out  
Because I love you too much baby Why cant you see  
What youre doing to me  
When you dont believe a word I say? We cant go on together  
With suspicious minds  
And we cant build our dreams  
On suspicious minds So, if an old friend I know  
Drops by to say hello  
Would I still see suspicion in your eyes?  
Here we go again  
Asking where Ive been  
You cant see these tears are real  
Im crying We cant go on together  
With suspicious minds  
And be cant build our dreams  
On suspicious minds Oh let our love survive  
Or dry the tears from your eyes  
Lets dont let a good thing die When honey, you know  
Ive never lied to you  
Mmm yeah, yeahWere caught in a trap  
I cant walk out  
Because I love you too much baby  
Why cant you see  
What youre doing to me  
When you dont believe a word I say? We cant go on together  
With suspicious minds  
And we cant build our dreams  
On suspicious minds Were caught in a trap  
I cant walk out  
Because I love you too much baby Were caught in a trap  
I cant walk out  
Because I love you too much baby
