

# Lights Out

Danity Kane

I'm so hot when I walk, I leave smoke in my tracks  
Don't leave your man with me 'cause he won't come back  
I'm dangerous  
It's when the lights go out I'm a girl that's not afraid of the dark  
When the lights go out I get what I want  
I'm so easy  
When the lights go out I don't know what you want to do  
But I want to get you up in my room  
I like your swagger, gotta have it, gotta have ya  
So won't you come along?  
Turn out the lights, into the dark, dark  
Turn off my lights and see if you wanna get into my dark side  
Turn off my lights and see if you wanna get into my dark side  
Turn off my lights and see if you wanna get into my dark side  
You ain't never ever had nothing better when the lights go out? ma dig in my bag and see what  
I pull out  
I got a lot of tricks so let me start out  
With my number  
When the lights go out? ma change your good boy status  
Break all your good habits  
Momma gon' to make you an addict  
When the lights go out I'm gonna make you a new man  
Have you talking to all your friends  
Baby, you ain't seen nothing  
When the lights go out  
I'm the type of girl that always get what I want  
So be sure before you come walk in the dark  
'Cause you about to see  
When the lights go out I don't know what you want to do  
I want to get you up in my room  
I like your swagger, gotta have it, gotta have ya  
So won't you come along?  
You ain't gotta be afraid of the dark Turn off my lights and see if you wanna get into my dark  
side  
Turn off my lights and see if you wanna get into my dark side  
Turn off my lights and see if you wanna get into my dark side  
You ain't never ever had nothing better when the lights go out You ain't never ever, never ever  
seen a girl like me  
D-A-N-I-T-Y K-A-N-E  
You ain't never had nothing, boy  
You ain't never had nothing, boy  
So won't you come on and turn the lights out? I don't know what you want to do

But I want to get you up in my room  
I like your swagger, gotta have it, gotta have ya  
So won't you come along?  
You never gotta be afraid of the dark Turn off my lights and see if you wanna get into my dark  
side  
Turn off my lights and see if you wanna get into my dark side  
Turn off my lights and see if you wanna get into my dark side  
You ain't never ever had nothing better when the lights go out Turn off my lights and see if you  
wanna get into my dark side  
Turn off my lights and see if you wanna get into my dark side  
Turn off my lights and see if you wanna get into my dark side  
You ain't never ever had nothing better when the lights go out
