MARUV

Komm zu mir, Komm zu mir
Komm zu mir, Komm zu mirCome to me, Come to me
You're the only one
Give me love, give me love
From dusk till dawn
Come to me, come to me
Boy, we can get along
Give me love, give me love
From dusk till dawnFalling through the floor
Baby, this is Devil's door
Burning in the flame
Wanna know my secret
Bang!I'm so high
Love me, love me, love me boy
I'm so fine
Love me, love me, love me boyFalling through the floor
Baby, this is Devil's doorCome to me, come to me
You're the only one
Give me love, give me love
From dusk till dawn
Come to me, come to me
Following my voice
Give me love, give me love
You don't have a choice
Do you know me?
Let's take it really slowly
Falling through the floor
Ask the Devil's door
You gotta know me
Just get the rhythm slowly
Burning in the flame
Wanna know my secretBang!I'm so high
Love me, love me, love me boy
I'm so fine
Love me, love me, love me boy
I'm so high
Love me, love me, love me boy
I'm so fine
Love me, love me, love me boyBang!
