

# Save Me Now

Billy Idol

I trusted a priest  
I fell to his feet  
And he raised me up there  
Then cut me off at the knees I trusted the law  
They didn't help me at all  
I wound up black, blue, screwed  
In the back of his car I don't want to wake up alone  
I need you to hear me now  
I don't want to do it alone  
I need you here with me now I don't want to wait for your love  
I need you to save me now  
They got me and I'll never give up  
But I need you to save me now Well they feed upon the poor  
My head is banging on the floor  
Yes it's over, yes it's over  
They're lying I don't want to wait for your love  
I need you to save me now  
Save me now I once had a girl, I gave her my world  
But she played around, put me down  
Still wanted the pearl So I went to a priest  
Yes I fell to his feet  
And he just raised me up  
To cut me off at the knees  
I don't want to wake up alone  
I need you to hear me now  
I don't want to do it alone  
I need you here with me now I don't want to wait for your love  
I need you to save me now  
They got me and I'll never give up  
But I need you to save me now 'cause the priest and the law  
Truth is pounding at the door  
Yes it's over, yes it's over  
They're dying I don't want to wait for your love  
I need you to save me now  
Save me now I don't want to wake up alone  
I need you to hear me now  
I don't want to do it alone  
I need you here with me now I don't want to wait for your love  
I need you to save me now  
They got me and I'll never give up  
But I need you to save me now Well they feed upon the poor  
My head is banging on the floor

Yes it's over, yes it's over  
They're lying I don't want to wait for your love  
I need you to save me now  
Save me now
