Lucky Denver Mint

Jimmy Eat World

This time it's on my own
Minutes from somewhere else

Somewhere I made a wish with Lucky Denver MintYou're not bigger than this, not better

Why can't you learn?

You're not bigger than this, not better

Why can't you learn? Hurry go on ahead

Good things won't let you wait

I'll catch up when we get home

At home I'll leave a dollar under water keeps on dreaming for me

You're not bigger than this, not better

Why can't you learn?

You're not bigger than this, not better

Why can't you learn? You're not bigger than this, not better

Why can't you learn?

You're not bigger than this, not better

Why can't you learn? Why can't I learn?

Why can't I learn? Learn, learn, learn

Learn, learn, learnYou're not bigger than this, not better

Why can't you learn?

You're not bigger than this, not better

Why can't you learn?

You're not bigger than this, not better

Why can't you learn?

You're not bigger than this, not better

Why can't you learn?
