Corinne (Mario Basanov Remix)

[Metronomy](#)

Oh Corinne
I've got a pain in my heart
I think it's because of you
'Cause they kicked me out of the forces
When I laid a hand on youOh Corinne
I'd take this pain in my heart
For just one night with you
If they'd let me back in the forces
And I could lay my hand on youI've got my heart tight up
Now with the boom and the bang
I'm not gonna fight you againI've got my heart tight up
Now with the boom and the bang
I'm not gonna fight you again
I've got my heart tight up
Now with the boom and the bang
I'm not gonna fight you againI've got my heart tight up
Now with the boom and the bang
I'm not gonna fight you againI've got my heart tight up,
I've got my heart in a bind
She just wants to dance all the timeI've got my heart tight up,
I've got my heart in a bind
She just wants to dance all the timeI've got my heart tight up,
I've got my heart in a bind
She just wants to dance all the timeI've got my heart tight up,
I've got my heart in a bind
She just wants to dance all the time
I've got my heart tight up
Now with the boom and the bang
I'm not gonna fight you againI've got my heart tight up
Now with the boom and the bang
I'm not gonna fight you againI've got my heart tight up
Now with the boom and the bang
I'm not gonna fight you againI've got my heart tight up
Now with the boom and the bang
I'm not gonna fight you again
