

# Electric Mistress

## Jamiroquai

Why do I feel this way  
Why do I feel this way  
When you're dancing in a trance  
Your love tonight I'd take  
Trying to get through to you  
Baby, your red alert  
I want you more and more  
I want you so much it hurts You seem so disconnective  
But when I turn you on you're so effective  
Pretty Polly's my electric mistress  
When she's freakin' like a maniac  
(She's my aphrodisiac)  
Baby I can't pretend  
Baby I can't pretend  
There's a maniac and it's you  
You're a slave to every groove  
There's something in your eyes  
You're not free to say  
What am I going to do  
You keep me on a string You seem so disconnective  
But when I turn you on you're so effective  
Pretty Polly's my electric mistress  
When she's freakin' like a maniac  
(She's my aphrodisiac)  
Why do I feel this way  
Why do I feel this way  
Why do I feel this way  
Why do I feel this way  
When you're dancing in a trance  
How your love tonight I'd take
