

# Red Eyes

## The War on Drugs

Come and see  
Where I witness everything  
On my knees  
To beat it down, to get to my soul  
Against my will  
Anyone can tell it's you coming  
But baby, don't mind  
Leave it on the line, leave it all your own way Come and ride away  
It's easier to stick to the earth  
Surrounded by the night  
Surrounded by the night and you don't go home  
But you abuse my faith  
Losing everytime but I don't know where  
You're on my side again  
So ride the key wherever it goes  
I'll be the one, I can't  
You're all I've got to wait  
You're running in the dark when I come to my sense  
Well you can see it through the darkness coming my way  
Well we won't get lost inside again  
Oh no, no season, I can't wait Made of iron, made of wood  
I can't hear  
Don't think we would mind against it I would keep you here, but I can't Oh, I'll talk to you if I  
can find you now I will see you wherever I go babe  
She's on my side again  
The easy way I come to my sense  
Walking in the downtown talks to my soul  
They won't get lost inside again  
On my way  
I can see in the darkness combing my mind  
Well we're here  
Don't get lost inside  
You won't get lost inside at all  
You're on my way, woo!
