Longing For

Jah Cure

Yea you know
Only you, only youOnly you can make me feel
Just like a king
Love you give to me so real
Makes me give inGirl, just like magnet to steel
Your love keeps pulling me in
If it's a battle I'll fight for you
I have to winTo prove to you my love
Is so deep within
It's even getting deeper
Since I reach prison
Longing for

My baby to love me more What am I longing for?

Babylon release the CureWhat am I longing for?

My baby to love me more What am I longing for?

Babylon release the CureWhen, when, when, when

Can we see each other again?

When, when, when, when

Can we see each other again? I know there's someone must be there comforting you

Whenever you need a friend

I'll make you mine, give me some time

I'll surely make you mine

It may be long but not forever

I vow to get myself together

I love you baby, always on my mind

No matter the timeWhat am I longing for?

My baby to love me more

What am I longing, longing, longing? What am I longing for?

My baby to love me more

What am I longing for?

Babylon release the CureOnly you can make me feel

Just like a king

Love you give to me so real

Makes me give inGirl, just like magnet to steel

Your love keeps pulling me in

If it's a battle I'll fight for you

Surely win

To prove to you my love

Is so deep within

It's even getting deeper

Ever since
What am I longing for?
My baby to love me more
What am I longing for?
Babylon release the Cure
What am I longing for?
What am I longing for?
