

No Regrets (feat. Suzy Rock)

Lecrae

Heart, heart, heart beat
I tell em I'll do it again in a heart beat
heart beat.
heart, heart, heart beat (and they say) You only live once, so live it up tonight
I hope we live twice, cause I can't wait to give up this life
Don't get me wrong, I love fam and my experience
Been around the world and back, seven wonders I don't see them
Number eight is just us wondering what happens when we perish
And I don't want no regrets, I'ma tell the ones I cherish
That I love em, thinking of em, on this red I flight to paris
If I die before I wake, have my wake please tell my parents
That your son will positively wake in paradise
Life is like a pair of dice, so watch the ones you rolling with, Roll the clip of my life
You gon see a bunch of empty bottles
broken hearts and blurry nights,
I'm not living for today, cause tomorrow looking pleasant.
And the future is a gift even though this is the present
Yeah I do believe in heaven, but my actions ain't the key
Them gates remain lock if everything fall on me So let em know
that when I come to the end of my road If they ask me was it worth it?
The hurt and the pain and the life I chose
I'll do it again in a heart beat heart beat, hear heart heart beat
I tell em I'll do it again in a heart beat
heart beat, hear heart heart beat
And I die with no regrets And you not a man, based upon your age and your gender
If you die tonight you probably die a boy, chasing toys
Objectifying these women thinking they gon bring you joy
Don't you want more than last night's bragging rights, what's your life?
I know it's hard to think about underneath these flashing lights
Scratch the surface, money's worthless when it comes to finding purpose If you keep the end in
focus you can't keep it when it's over
And when it's over, this something else starts
Only thing that's really gon matter is that hope inside your heart
What you trusting in, when you lusting in
For that busted momma, that strutting in And you poppin' bottles, you throwing dollars
That's cool with partner, this just in.
That you gon live forever whether you want to or not
Some of us gon end up holy some of us gon end up hot
Tell this life to keep my problems, kiss my momma when I'm gone
Tell her I have no regrets, and I'm home, I'm home. So let em know
That when I come to the end of my road
If they ask me was it worth it?

The hurt and the pain and the life I chose
I'll do it again in a heart beat
heart beat, hear heart heart beat
I tell em I'll do it again in a heart beat
heart beat, hear heart heart beat
and I die with no regrets
