

Country Boy Rock & Roll (feat. Kenny Vaughan)

Marty Stuart

[feat. Kenny Vaughan]

You can tell I'm from the country, see I'm from outta town
I'm beginnin' to catch on, I'm a let my hair down
I've been a-rockin', I've been a-rollin'
Some folks think I look foolish, let 'em make a fool outta me
I work in fields of cotton, I work in fields of corn
But I ain't seen nothin' like it since the day I was born
I've been a-rockin', I've been a-rollin'
Some folks think I look foolish, let 'em make a fool outta me
I walked in a crowded dance hall, I didn't know a soul
Some hillbilly's started pickin', everybody rock 'n' roll
I've been a-rockin', I've been a-rollin'
Some folks think I look foolish, let 'em make a fool outta me
Well I spent all my money, corn and cotton I have sold
I have left the old farm, stay in town and rock and roll
I've been a-rockin', I've been a-rollin'
Some folks think I look foolish, let 'em make a fool outta me
Some folks think I look foolish, let 'em make a fool outta me
