Where Do Broken Hearts Go

Whitney Houston

Ooh... I know it's been sometime I've had something on my mind You see I haven't been the same Since that cold November day We said we needed space But all we found was an empty place And the only things I've learnedIs that I need you desperately So here I am, and can you please tell me, oh?Where do broken hearts go? Can they find their way home? Back to the open arms of a love that's waiting there And if somebody loves you Won't they always love you? I look in your eyes And I know that you still care for me Ooh...I've been around enough to know That dreams don't turn to gold And that there is no easy way No, you just can't run away And what we had was so much more Than we ever had before And no matter how I try You're always on my mindSo here I am, and can you please tell me, oh? Where do broken hearts go?Can they find their way home? Back to the open arms of a love that's waiting there And if somebody loves you Won't they always love you? I look in your eyes And I know that you still care for me Now that I am here with you I'll never let you goI look into your eyes And now I know, now I know, oh Where do broken... hearts go? Can they find their way home?Back to the open arms of a love that's waiting there And if somebody loves you Won't they always love you? I look in your eyesAnd I know that you still care Where do broken hearts go? Can they find their way home? Back to the open arms of a love that's waiting there And if somebody loves you Won't they always love you?
