

Euphoria

[Bryan Lanning](#)

Something electric, connecting us tonight
Its so magnetic, when I look into your eyes
Tell me, how can something so wrong, feel so right
Baby when I'm dancing with you, I come alive
I feel your heartbeat, syncing up with mine
There is no reason, SUBMIT I CANT TELL
Tell me, how can something so wrong, feel so right
Baby when I'm dancing with you, I come alive
Euphoria, Racing through my veins
Euphoria, driving me insane
Euphoria, clutching to my lips, it's hard to swallow
Euphoria, I know it's wrong
Euphoria, it won't take long
Euphoria, I know it's taking hold, I'll lead, you follow
We weren't supposed to fall in love, love, love
We weren't supposed to fall in love, love, love
Euphoria

Search party seeking for me and you tonight
They'll try to catch us, catch us in their lights
Tell me how can something so wrong, feel so right
Baby, when I'm running with you, I come alive

Wheels down, we're flying, escaping all that's right
Miles between us, we're nowhere in their sights
Tell me how can something so wrong, feel so right
Baby when I'm running with you, I come alive
Euphoria, racing through my veins
Euphoria, driving me insane
Euphoria, clutching to my lips, it's hard to swallow
Euphoria, I know it's wrong
Euphoria, it won't take long
Euphoria, I know it's taking hold, I'll lead, you follow
We weren't supposed to fall in love, love, love
We weren't supposed to fall in love, love, love
Euphoria
If you feel alive, turn down the light
Before I found you, I was stuck here, paralyzed
Take me by the hand, let's run away tonight
Young and free, so dance with me, just close your eyes
Euphoria, racing through my veins
Euphoria, driving me insane
Euphoria, clutching to my lips, it's hard to swallow
Euphoria, I know it's wrong
Euphoria, it won't take long
Euphoria, I know it's taking hold, I'll lead, you follow
We weren't supposed to fall in love, love, love
We weren't supposed to fall in love, love, love
Love, love, love
We weren't supposed to fall in love, love, love
love
Euphoria
Euphoria, Euphoria, Euphoria
