

# Don't Need Your Love

Lucas Nord

I don't need your love no more  
I don't need your, I don't need your love no more  
I don't need your love no more  
I don't need your, I don't need your love no more Truthfully, I thought we were way past that  
confusion  
Usually, time it goes and that's killing me  
I can't look at you right now, no no  
I don't care about the past mistakes  
We completely lost control  
It's time to move on  
You don't care about me at the cold  
I don't care about the past mistakes  
We completely lost control  
It's time to move on, and to get on  
I can't trust you enough,  
I don't need your love no more  
(I don't need your love no more  
I don't need your, I don't need your love no more)  
You can't think you're bad luck  
I don't need this shit no more  
(I don't need your love no more  
I don't need your, I don't need your love no more)  
I can't trust you enough,  
I don't need your love no more  
(I don't need your love no more  
I don't need your, I don't need your love no more)  
You can't think you're bad luck  
I don't need this shit no more  
(I don't need your love no more  
I don't need your, I don't need your love no more)  
Constantly, you try to fix the things that's broke in me  
I know this ain't how it's supposed to be (supposed to be)  
I gave you all I ever had, yeah-yeah  
I don't care about the past mistakes  
We completely lost control  
It's time to move on, and to get on I can't trust you enough,  
I don't need your love no more  
(I don't need your love no more  
I don't need your, I don't need your love no more)  
You can't think you're bad luck  
I don't need this shit no more  
(I don't need your love no more

I don't need your, I don't need your love no more)  
I can't trust you enough,  
I don't need your love no more  
(I don't need your love no more  
I don't need your, I don't need your love no more)  
You can't think you're bad luck  
I don't need this shit no more  
(I don't need your love no more  
I don't need your, I don't need your love no more)I don't need your love no moreI don't need  
your love no moreI can't trust you enough,  
I don't need your love no more  
(I don't need your love no more  
I don't need your, I don't need your love no more)  
You can't think you're bad luck  
I don't need this shit no more  
(I don't need your love no more  
I don't need your, I don't need your love no more)  
(I don't need your love no more  
I don't need your, I don't need your love no more)  
(I don't need your love no more  
I don't need your, I don't need your love no more)  
Say heart don't need no more  
I don't need your love no more
