## Nil-Nil-Draw

## **Gym Class Heroes**

I'm a lover not a fighter

But every night you decide to start some shit

I'm sick and tired of being so sick and tiredComing home from tour you yelling Before I get through the door

With that so and so said this and that

Why you still with me for?Going through my phone I made you feel like a fool Screaming, "Who the fuck is Alex?"

When Alexander's my dudeSometimes I think you do it simply 'cause your bored

If you really love me we'd be making love not war

But you'd rather waste the little time we do have

Going back and forth, are you sorry now? Well, too bad

I can't believe I wasted all this fucking time

Instead of fighting with you I could have been writing rhymes or

Hanging out Stitch and watching 'Up' or something You never tried to meet me half way

You played these little immature ass games

I tried to be the best man I can

But you were too dumb to understandThat I can have any girl but I stayed with you

I guess everybody plays the fool, yeah

Now you think you're coming back to me

But that's something that I just don't seeI thought this was forever the thought of leaving you never

But you gotta kick rocks 'cause your screaming's leaving my head hurt

Before you go there's something that you should know

I'm taking everything I bought and you better leave me my red shirt

Don't even think of twisting this to make it my fault

Or try to tell me you forgot to take your Midol

'Cause you ain't blaming this one on your period

And you can save the song and dance 'cause I'm gone, periodHuh? What? Wait? Nope, I'm not hearing it

The crash dummy finally grabbed the wheel and now he's steering it

Oh, dear God, what a disaster

And I probably should done something fasterWait, you know what, you can kiss my ass

You've been dropped from the label and I'm keeping your masters

Travie, you're a bastard, call me what you want to

Whatever makes you feel better, I don't want you

P.S. I froze all your accounts and uh, leave that ring on the counterYou never tried to meet me half way

You played these little immature ass games

I tried to be the best man I can

But you were too dumb to understandThat I can have any girl but I stayed with you

I guess everybody plays the fool, yeah

Now you think you're coming back to me

But that's something that I just don't see You never tried to meet me half way
You played these little immature ass games
I tried to be the best man I can
But you were too dumb to understandThat I can have any girl but I stayed with you
I guess everybody plays the fool, yeah
Now you think you're coming back to me
But that's something that I just don't seeNow you think you're coming back to me
But that's something that I just don't see
