All Night

[Brothers Osborne](#)

I got the good, if you got the time
I got the moon, if you got the shine
I got the back, if you got the beat
Got that solid gold country 33 on repeatAll night
Get, get, get to livin', feelin' alright
Dancin' out the denim in 'em, oh my
I got the fuse, if you got the light
I got the all, if y'all got the night
All night
All night
I got the rebel, if you got the yell
I got the raisin', if you got the hell
I got the zig, if you got the zag
Got that good life, hell of a time in a bagAll night
Get, get, get to livin', feelin' alright
Dancin' out the denim in 'em, oh my
I got the fuse, if you got the light
I got the all, if y'all got the night
All nightWhat good is a saint, if you ain't got the sinnin'
What good is a life, if you don't get to livin'
What good is the one, if you ain't got the other
Takes two to tango, let's get this thing goin'
All night
Get, get, get to livin', feelin' alright
Dancin' out the denim in 'em, oh my
I got the fuse, if you got the light
I got the all, if y'all got the night
All night
All night
All night
All night
All night
