Saturday

Josh Rouse

I would swim across the ocean
I would lay down on a bed of nails
But I'll spare you all the bullshit
I will spare you all the desperate detailsSaturday I'm on that plane
I'm flying home to youAnd when our time is lonely and you know
When our time is hard to be away

And I'm playing my guitar in some basement club

A thousand miles away
Saturday I'm on that stage
I'm feeling down and blue
Saturday I'm on that plane
I'm flying home to youOoh, hell yeah
I'll be home soon

Hell yeah

I'll be home soonI will treasure every moment
I will lay down on the couch and watch TV
And when you're done with work

And I will take you to see a matineeSaturday I'm on that stage

I'm feeling down and blue Saturday I'm on that plane I'm flying home to you

To you

Ooh, hell yeah

I'll be home soon
