

New Beginning

Radio Moscow

Bittersweet life
Always changing
No peace of mind
The city breaks it Before I'm stuck in sleepless night
I'll be moving on down the line
When the white lights blinds in the black of night
Let me go
You gotta let me go
She won't let me go now Sweet sweet time
Always moving
The state I'm in
Has got me losing
Before I'm tied down in these lies
I'll be moving on down the line
When the white lights blinds in the black of night
Let me go
You gotta let me go
She won't let me go now
Voodoo ways 'bout to kill this man Erase my mind
For a new beginning
Erase my mind
For a new beginning Let me go
You gotta let me go
She won't let me go now
Voodoo ways 'bout to kill this man Erase my mind
New beginning
Erase my mind
For a new beginning Let me go
She won't let me go
She won't let me go now
Voodoo ways 'bout to kill this man
Kill this man
