Kanye's Favorite Song (feat. Jalen Santoy)

Thutmose

You say that you-Now you say that you heard things

Night and day

Stay the same

Never change

I hope those things ain't- (True)

You say that you heard thangs

Night and day

Stay the same

Never change

I hope those things ain't-

No need to worry got them boys with ya

Lower your voice before the thugs get ya

Making such a scene but I'm unimpressed

Yeah she hates me but she loves the sex

I put the chatter to rest 'cause I'm a God in the flesh

She wanna fuck with the gang

I got the world in my hand

I stack a couple of bands

Then I just dash to the bank

While I be smoking on dank like goddamn damn

More drinks for the folks in the back

Last call, I might never come back

Real one so I'm never gon' die

Fucked up but I'm down for this ride

She want just my baby

I just think she crazy

I don't pay no mind

I hold it down

Now you say that you heard things

Night and day

Stay the same

Never change

I hope those things ain't- (True)

You say that you heard thangs

Night and day

Stay the same

Never change

I hope those things ain't-

Now you say that you heard things

Night and day

Stay the same

Never change

I hope those things ain't- (True)

You say that you heard thangs

Night and day

Stay the same

Never change

I hope those things ain't-

You say that you heard thangs You hear bout how the game the same

Hide the pain

Spread the wealth

No concern how the cards are dealt

Say rich nigga

I, I, I

I, I, I

Say rich nigga

I been there, I know fear

Jiggy young nigga

Dat hangin' from chandelier, I need dat

What they claim is more black

You need stay up on tap

Remedy for all dat

Ahhh damnYoung OJ with the juice

(Ahhh)

Ain no more lookin' for the Proof

Shoulda never let a motherfucker loose

No more static

I need clear connection

Hate that how I move is undetected

Lose ya self I heard you talkin' reckless

Mind gone in sixty secondsNow you say that you heard things

Night and day

Stay the same

Never change

I hope those things ain't- (True)

You say that you heard thangs

Night and day

Stay the same

Never change

I hope those things ain't-

Now you say that you heard things

Night and day

Stay the same

Never change

I hope those things ain't- (True)

You say that you heard thangs

Night and day

Stay the same

Never change

I hope those things ain't-

You say that you heard thangsI hope those things ain't

You say that you heard thangs
