

# We Went To the Beach

## Little Big Town

Singer: Little Big Town  
We went to the beach  
Every year, the middle of June  
We crammed into that Astro van  
Tighter than a can of sardines  
And we went to the beach  
We fought in the back  
And dad got mad  
And mama rolled the windows down  
Y'all smell the salt of the beach  
Well, it was double beds  
With a kitchenette  
Bedspreads of sea-foam green  
It was sunburns and taking turns  
On boogie boards we'd bring  
Even if we spent  
every single cent  
to stay across the street  
We went to the beach  
We mowed a few yards  
I filled a coffee can  
with some Benjamins  
Just a couple of friends  
Just barely seventeen  
And we went to the beach  
And in the middle of March  
We put real life starts  
and partied so hard  
We could barely remember a thing  
It was PBRs and tiki bars  
Don't take my fake I.D  
It was cigarettes  
girls we just met  
And making out on lifeguard seats  
And those polaroids  
of me and the boys  
is all the proof I need  
And we went to the beach  
Girl, don't you hate to leave  
It's been one hell of a week  
It was a vow  
to you too, "I do."

Babe, can you believe  
It was brand new tans  
Brown-golden bands  
Of sand all in the sheets  
If I know you and me  
we only get one of these  
And we went to the beach  
We went to the beach  
We went to the beach  
We went to the beach
