

Land of Gold

Anoushka Shankar

Be no burden, be polite, say goodbye, and say hello
Wait your turn, sit upright, go to bed now, sweet dream
Find the kind heart, rest your feet and soul
May your kind heart find the land of gold
Pay attention, say your name, listen closely, and keep warm
Gentle hands, you are brave, look at me, and carry on
All is good, I love you, you can hear me, you can call
Sing your song with ease and pride, I'll be there not far behind
Find the kind heart, rest your feet and soul
May your kind heart find the land of gold
Tell them I won
Tell them I won
Tell them I won
Tell them I won
Tell them I won
Tell them I won
Tell them I won
Tell them I won
Tell them I won, your way
Tell them I won, your way
Tell them I won, your way
Tell them I won
Tell them I won
Tell them I won
Tell them I won
Tell them I won
Tell them I won
Your way
