

# Dark Voices

## Era

Too dark  
Too dark to see  
And I can't feel my fingers anymore  
I don't think you can save my life again  
'Cause tonight destiny is at my door  
Knocking on my door Too cold  
Too cold to run  
And I can't sell my soul anymore  
I don't think you'll call my name again  
'Cause tonight destiny is at my door  
Knocking on my door Getting deep  
Too deep to breathe  
And I can't feel my fingers anymore  
I don't think you'll call my name again  
'Cause tonight destiny is at my door  
Too dark  
Too dark to see  
I don't think you can save my life anymore
