

# Sleep When U Die

## 2 Chainz

It's at least 100 degrees, sweating like a fool  
Aaight, ayy, ayy, ayy, ayy  
Young Juice, ayy, ayy, okay, okay  
By any means I gotta get it  
You can sleep when you die, point blank, period  
No excuse for this, you only get one life  
You only get once chance  
You can get more wives  
You can get more ice, you can get more cars  
Nigga listen to what I'm saying, I'm a real superstar, woo  
Look in my eyes, look in my eyes  
You can sleep when you die, you can sleep when you die  
Look in my eyes, look in my eyes  
You can sleep when you die, you can sleep when you die, yeah, yeah Yeah I got too many  
watches on my arm  
I got too much shit goin' on  
I got your favorite stripper on my phone  
I got a bank account, got another bank account  
Got another bank account, to be continued  
Hibachi my menu, my bracelet on igloo  
Every song is a single, you hear how the money talk  
I may be bilingual, I pour out a liter, I light up the reefer  
I'm back to charging niggas 100 a feature, yeah Look in my eyes, look in my eyes  
You can sleep when you die, you can sleep when you die  
Look in my eyes, look in my eyes  
You can sleep when you die, you can sleep when you die, yeah, yeah  
Hard work beats talent  
Dope boy meets talent  
Don P and eat salad  
Walking around, my feet Bally  
Sisquo and St. Ives  
Six guns, eight knives  
Potato on the barrel of it  
Make you niggas hate fries  
Been poppin' wheelies since 14  
Sleeping with them, in them since 14  
Ready to take one for the team  
Ain't no discount, if ain't the one, we got a miscount  
I am the truth, lil' nigga, shooting bullets from the booth, lil' nigga  
BOOM Look in my eyes, look in my eyes  
You can sleep when you die, you can sleep when you die  
Look in my eyes, look in my eyes

You can sleep when you die, you can sleep when you die, yeah, yeah  
You too concerned with  
others

This for the single mothers

Might have a millionaire

Moving through Riverdale

Jacket on Rick Flair

Watch on Rick Flair

James Brown with the slick hair

Watch how she dance on it, dance on the work

If the pussy squirt, put her name in a verse

I am so high, I'm scared to jump

Keep the gas on me, I'm prepared to pump, alright  
Look in my eyes, look in my eyes

You can sleep when you die, you can sleep when you die

Look in my eyes, look in my eyes

You can sleep when you die, you can sleep when you die, yeah, yeah
