

Two Million Voices

Angelic Upstarts

2 million voices, can you hear 2 million voices
2 million voices, can you hear 2 million voices
2 million voices! 2 million voices shout at the street
Can you hear the cry, there's no retreat
Look at their mouths, they're open wide
Shout for an answer trying to survive
2 million voices, can you hear 2 million voices
2 million voices, can you hear 2 million voices
2 million voices!
We'll never give up
No need to surrender
We wanna work for a future
Give us a chance we wanna live
Never to return at dawn!(2x)
2 million voices, can you hear 2 million voices
2 million voices, can you hear 2 million voices
2 million voices! 2 million voices shout at the street
Can you hear the cry, there's no retreat
Look at their mouths, they're open wide
Shout for an answer trying to survive
(2x)
2 million voices can you hear 2 million voices
2 million voices can you hear 2 million voices
2 million voices!
