

# The Day I Let Go

## Stone Sour

What a waste of a life this is, every altercation I permit is like a quiet sigh  
From a man resigned to a place that was never his  
And the hours are long, even in a world where I belong  
Every second stays, every minute counts against my sentence I fall... I had to let you go... What I  
tried to accomplish died - every offer of faith I had to fight and a dream unfolds  
The moon is cold because the sun left early  
And the days go by, even when my conscience just won't try  
Every week decays, every mouth is rotten -  
I AM FORGOTTEN  
I fall... I had to let you go  
I fall... my mind is all I know  
I fall... the table turns to dust  
I fall... today, I let go of my trust What a waste of time I am, every ounce of life is just dead flesh  
I can't forget, but then again you can't let me remember  
When I try to speak, every word I say comes out so bleak  
I don't want this, I don't want you  
But I DON'T WANT ANYONE  
I don't want anyone...  
I fall... I had to let you go  
I fall... my mind is all I know  
I fall... the table turns to dust  
I fall... today, I let go of my trust  
I let go of my trust...
