Come on in, the waters lovely
Look you could meet someone you like during the meteor strike
It is that easy
Lunar surface on a saturday day night
Dressed up in silver and white with
Coloured old grey whistle test lightsTake it easy for a little while
Come and stay with us
It's such an easy flight
Cute new places keep on popping up
Since the exodus it's all getting gentrified
I put a taqueria on the roof it was well reviewed
Four stars out of five and that's unheard of
Bridge and tunnel on the starlight express
The head of special effects in my mind's eye
Hokey cokey with the opposite sex
The things you try to forget
Doesn't time fly
I'm in no position to give advice, I don't want to be nice
And you know thatTake it easy for a little while
Come and stay with us
It's such an easy flight
Cute new places keep popping up around clavus
It's all getting gentrified
The information action ratio is the place to go
And you will not recognise the old headquarters
All the nights that never happened and the days that don't exist
At the information action ratio
The only time that we stop laughing is to breathe or steal a kiss
I can get you on the list for all the clubs
I can lift you up another semitoneTake it easy for a little while
Come and stay with us
It's such an easy flight
Cute new places keep on popping up since the exodus
It's all getting gentrified
The information action ratio is the place to go
Four stars out of five
I put a taqueria on the moon
It got rave reviews
Four stars out of fiveTake it easy for a little while
Four stars out of five

Come and stay with us
Take it easy for a little while
Four stars out of five
