

# Colorado Sunrise

## 3OH!3

And if i had something to say to you i'd whisper it softly  
kiss you on your rosey lips and never let you off me.  
shiver on your roof and see your face lit by starlight  
hold you through the night and watch that colorado sunrise.I've got five fingers on each hand  
for every mistake that i've made  
cuz my tongue is tied to tonsils and i need to shit and shave  
im a shade too pale for handsome and have habits i can't shake  
and if you try to take that from me well i'll never be the sametrainwreck that i am  
and i am what i am what i am  
a trainwreck, that i am  
and i am what i am what i am  
a trainwreck  
and as long as it's okay with you i think i'll stay right here.  
i got no where to go cuz where to go is up to you, dear.  
happy as a clam i see the glimmer in your eyes.  
hold you through the night and watch that colorado sunrise.no car and never cared cared  
because i got no place to go.  
but in a room, (a single wall?) i couldn't pay a plant to grow  
you can try and make this pretty, pick up all my dirty clothes.  
and if you never really get me then i guess you'll never know thetrainwreck that i am  
and i am what i am what i am  
a trainwreck that i am  
and i am what i am what i am  
a trainwreckI've got five fingers on each hand for every mistake that iv'e made  
cuz my tongue is tied to tonsils and i need to shit and shave  
i'm a shade too pale for handsome and have habits i can't shake  
and if you try to take that from me well i wouldn't be the same  
Trainwreck that I am  
and I am what I am what I am  
(colorado sunrise)  
a trainwreck  
that I am  
and I am what I am what I am  
(colorado sunrise)  
trainwreck.  
that i am  
(if I had something to say to you I'd whisper it softly)  
and i am what i am what i am  
(kiss you on your rosey lips and never let you off me)  
a trainwreck  
that I am  
(shiver on your roof see your face lit by starlight)

and I am what I am what I am  
(hold you through the night and watch that colorado sunrise)  
a trainwreck.
