Until My Last Breath

<u>Tarja</u>

Cannot cry it loud enough I'm giving up this ghost How can I still justify When you deny my voiceIn this nothing, I'm not allowed I just follow alone Words as weapons without a sound Echoes dying unbornUntil my last breath You'll never know Until you feel the silence When I am goneNow it's vanishing everything What we might have been Only now your prays call my name But you won't see again Who can change this memory? Inside it needs to burn Worship by the enemy The guilty take their turnsWatching as it's disappearing Shadows all that remain Wishes slowly crossing over In this parade of painUntil my last breath You'll never know Until you feel the silence When I am goneNow it's vanishing everything What we might have been Only now your prays call my name But you won't see again Until my last breath You'll never know Until you feel the silence When I am goneNow it's vanishing everything What we might have been Only now your prays call my name But you won't see againUntil my last breath Until my last breath Song Discussions is protected by U.S. Patent 9401941.
