

Man of Steel

Frank Black

Under the stars each night,
I wonder do stairs go there?
I'm lonely driving behind the wheel,
Can't get no where.
I can't seem to get it right.
I'm only just a man of steel....Is there a place?And under the stars tonight,
I wonder if someone cares.
I'm lonely, that's the way I feel
Can't feel no stairs.
I've gotten a real ad-heist
I'm only just a man of steel.
...There is a place.
...There is a place.
...There is a place.
...There is a place.
...There is a place.
...There is a place.
...There is a place.
...There is a place.
...There is a place.
...There is a place.
...There is a place.
...There is a place.
