Man of Steel

Frank Black

Under the stars each night, I wonder do stairs go there? I'm lonely driving behind the wheel, Can't get no where.

I can't seem to get it right.

I'm only just a man of steel....Is there a place? And under the stars tonight,

I wonder if someone cares.

I'm lonely, that's the way I feel

Can't feel no stairs.

I've gotten a real ad-heist

I'm only just a man of steel.

...There is a place.
