

Fight for Me (feat. Lecrae)

GAWVI

Yeah, yeah, I need you to fight for me
When I don't know what I believe
Why does everybody leave?
Show me what it's like to dream Hey, go, you the best, ah
Say with your chest high
Hey, yeah, wave 'em high, side to side
Let 'em know, we gon' rise, we gon' shine
I need you to fight for me
I know you're my therapy
I know why we fight
It's just to know we try
Eyedrops, how do I start it off?
Pullin' all these hours, trying to keep it all clear
I got, way too many thoughts
Fighting these expectations, got me feeling stuck like
Aye, yeah, think I feel it all the time
Aye, yeah, did I really miss my prime?
I don't know, how to cope when I'm low
But I know, that you're close, that you're close
I've been away, yeah, losing my faith, yeah
Hope I'm not late, trying to find grace, yeah
For my mistakes, aye, I need to pray, yeah
Yeah, I need to pray, yeah, wake up to the mirror like I need you to fight for me
When I don't know what I believe
Why does everybody leave?
Show me what it's like to dream
Hey, go, you the best, ah
Say with your chest high
Hey, yeah, wave 'em high, side to side
Let 'em know, we gon' rise, we gon' shine
I need you to fight for me
I know you're my therapy
I know why we fight
It's just to know we try Say you gon' fight, you ain't try, you don't lie right
Send a prayer up, throw a line, you don't find time
Down yeah, homie, down yeah
Pick me up off of the ground, yeah
Almost drown, yeah, pull me out, yeah (sheesh)
Wasn't in my right mind, yeah, yeah
Reach out for me like a lifeline
I've been with you so long it feel like a lifetime
So connected to you I could be your WiFi

Oh, it's a fight
Left hook right chest, that's just right
Out my weight class feels too light
Lose my faith, I lose my life
I've been lost and feeling lonely
Tell 'em they can't hold me
Looking in the mirror like when you fighting for me? I need you to fight for me
When I don't know what I believe
Why does everybody leave?
Show me what it's like to dream Hey, go, you the best, ah
Say with your chest high
Hey, yeah, wave 'em high, side to side
Let 'em know, we gon' rise, we gon' shine
I need you to fight for me
I know you're my therapy
Wave 'em high, side to side
Let 'em know, we gon' rise, we gon' shine
I need you to fight for me
I know you're my therapy
I know why we fight
It's just to know we try
I need you to fight for me
