

# Me And Charlie Talking

Miranda Lambert

Me and Charlie boy used to go walking  
Sittin' in the woods behind my house  
When being lovers meant a stolen kiss  
And holding hands with nobody else around Charlie said, "He wanted to get married "  
But we were only ten so we'd have to wait  
He said, "We'd never let our love run dry  
Like so many do these days" So we treat our love like a firefly  
Like it only gets to shine for a little while  
Catch it in a mason jar with holes in the top  
And run like hell to show it off Oh promises we made when we go walkin'  
And that's just me and Charlie talking  
Charlie always said, "He'd like to live here"  
Turned eighteen and left our sleepy town  
Letters came and went and I kept waiting  
For Charlie to come back and bring the life he'd found It's funny how time and distance change  
you  
The road you take don't always lead you home  
You can start a love with good intentions  
Then you look up and it's gone So you treat our love like a firefly  
Like it only gets to shine but for a little while  
You catch it in a mason jar with holes in the top  
And run like hell to show it off Oh promises we made when we go walking  
That's just me and Charlie talking Now and then I sometimes think of Charlie  
How we thought we new it all back then  
Now I'd give anything to feel love  
From a child's heart again  
So you treat your love like a firefly  
Like it only gets to shine for a little while  
Catch it in a mason jar with holes in the top  
And run like hell to show it off Oh promises we made when we go walking  
And that's just me and Charlie, me and Charlie talking
