

Make Love to Me Forever

Snow Patrol

[illegible]

It took half the time
(Make Love to Me Forever)
I am still afraid
(Make Love to Me Forever)
So stay by my side
(Make Love to Me Forever)
And hold on to my hand
(Make Love to Me Forever)
Try to teach me that
(Make Love to Me Forever)
I'm alright I guess
(Make Love to Me Forever)
But there's so much wrong
(Make Love to Me Forever)
But there's so much right
(Make Love to Me Forever)

I guess we'll agree
(Make Love to Me Forever)
To differ on one thing
Make Love to Me Forever
Make Love to Me Forever
Make Love to Me Forever
Make Love to Me Forever
