

# Everybody Loves Somebody

Frank Sinatra

Writer(s): Taylor/Lane

Everybody loves somebody sometime

Everybody falls in love somehow

Something in your kiss just told me

(That) My sometime is now Everybody finds somebody someplace

There's no telling where love may appear

Something in my heart keeps saying

(That) My someplace is here If I had it in my power

I'd arrange for every girl to have your charm

Then every minute, every hour

Every boy would find what I've found in your arms

Everybody loves somebody sometime

And although my dream was overdue

Your love made it well worth waiting

For someone like you
