

# Wolf Moon (including Zoanthropic Paranoia)

## Type O Negative

The 28th day  
She'll be bleeding again  
And in lupine ways  
We'll alleviate the pain  
Unholy water  
Sanguine addiction  
Those silver bullets  
A last blood benediction  
It is her moon time  
When there's iron in the air  
A rusted essence  
Woman may I know you're there  
Unholy water  
Sanguine addiction  
Those silver bullets  
A last blood benediction  
Hey wolf moon  
Come cast your spell on me  
Hey wolf moon  
Come cast your spell on me  
Don't spill a drop dear  
Let me kiss the curse away  
Yourself in my mouth  
Will you leave me with your taste?  
Hey wolf moon  
Come cast your spell on me  
Hey wolf moon  
Come cast your spell on me  
Beware  
The woods at night  
Beware  
The Lunar light  
So in this gray haze  
We'll be meeting again  
And on that great day  
I will tease you all the same  
Unholy water  
Sanguine addiction  
Those silver bullets  
A last blood benediction  
Hey wolf moon  
Come cast your spell on me

Hey wolf moon  
Come cast your spell on me  
Beware  
The woods at night  
Beware  
The Lunar light
