

The Weekend

Islands

Its jumping off
coming on stronger
if you cant feel it, it wont be longer
(who knows where we are)
we all come along we just staying for the weekend
(who knows where we are)
theres nothing wrong we might as well be dreaming
(but its only for the...)
Dont live here we just come at night
wont be here long I hope thats alright
im going to miss you, im going to miss you I know
(see nothing to...)
Only just met but im sad to see you go
(maybe on the weekend)
im going to miss you, im going to miss you I know
(see nothing to...)
we only just met but im sad to see you go
(maybe on the weekend)
(doo dooo do)
we waste our time
(only for the weekend)
I take whats mine
(its all mine)
its jumping off its coming on strong now
if you cant feel it it wont be long now
(its only for the weekend)
(doodoodoooooooooooo)
(its only for the weekend)
