

# All We Ever Do Is Say Goodbye

John Mayer

Just when I had you off my head  
Your voice comes thrashing wildly through my quiet bed  
You say you wanna try again  
But I've tried everything but giving in Why you wanna break my heart again  
Why am I gonna let you try When all we ever do is say goodbye  
All we ever do is say goodbye  
All we ever do is say goodbye  
All we ever do is say goodbye  
I bought a ticket on a plane  
And by the time it landed, you were gone again  
I love you more than songs can say  
But I can't keep running after yesterday So why you wanna break my heart again  
Why am I gonna let you try When all we ever do is say goodbye  
All we ever do is say goodbye  
All we ever do is say goodbye  
All we ever do is say goodbye We say goodbye  
We say goodbye  
We say goodbye  
All we ever do is say goodbye  
All we ever do is say goodbye  
All we ever do is say goodbye  
All we ever do is say goodbye
