

All We Ever Do Is Say Goodbye

[John Mayer](#)

Just when I had you off my head
Your voice comes thrashing wildly through my quiet bed
You say you wanna try again
But I've tried everything but giving in Why you wanna break my heart again
Why am I gonna let you try When all we ever do is say goodbye
All we ever do is say goodbye
All we ever do is say goodbye
All we ever do is say goodbye
I bought a ticket on a plane
And by the time it landed, you were gone again
I love you more than songs can say
But I can't keep running after yesterday So why you wanna break my heart again
Why am I gonna let you try When all we ever do is say goodbye
All we ever do is say goodbye
All we ever do is say goodbye
All we ever do is say goodbye We say goodbye
We say goodbye
We say goodbye
All we ever do is say goodbye
All we ever do is say goodbye
All we ever do is say goodbye
All we ever do is say goodbye
