

# A Little Faster

## There for Tomorrow

You keep calling it a crash and burn  
Just wait your turn  
You might have time to speak  
There barely was a lesson learned  
'Cause it'll return no favors back to me I'm sure it tasted oh so sweet  
But it was never good enough for me  
I bit the tongue behind my teeth  
It was never good enough for me You said you always keep your word  
Show me what you're after  
I thought you promised me the world  
Tell me what you're after  
Go on and take you way too far  
'Cause here we are, waiting once again  
You said you always keep your word  
Show me what you're after  
Just a little faster  
Are mine the only eyes that see, so steadily  
This cut and dry routine  
Even when you're by my side  
I still need time to feel the company I'm sure it tasted oh so sweet  
But it was never good enough for me  
I bit the tongue behind my teeth  
It was never good enough for me You said you always keep your word  
Show me what you're after  
I thought you promised me the world  
Tell me what you're after  
I want to take you way too far  
'Cause here we are, waiting once again  
You said you always keep your word  
Show me what you're after  
Just a little faster  
Just a little faster Hold your breath now  
The backbone's wearing thin  
From the pain that settles in  
When we learn too much too soon  
Hold your breath now  
The backbone's wearing thin  
From the pain that settles in  
When we learn too much too soon Too soon You said you always keep your word  
Show me what you're after  
I thought you promised me the world  
Tell me what you're after

I want to take you way too far  
'Cause here we are, waiting once again  
You said you always keep your word  
Show me what you're after  
It was never good enough for me (It was never good enough for me)  
Show me what you're after  
Just a little faster
