

# Wherever You Are (feat. HALIENE)

Ferry Corsten

I said a prayer for you  
You didn't ask me to  
but your face was locked in my mind  
I saw you in a dream  
Screaming out my name  
and I know that something's not right  
Wherever you are  
Wherever you are  
I hope you read the words I've written in the stars  
If you could hear my thoughts  
I've never forgotten you  
Wish I could let you know how wonderful you are  
Wherever you are x8  
Do you remember days  
when we would drift away?  
I never thought we'd ever say goodbye  
now we're a world apart  
but its not so far  
when our hearts are tangled in time  
Wherever you are  
Wherever you are  
I hope you read the words I've written in the stars  
If you could hear my thoughts  
I've never forgotten you  
Wish I could let you know how wonderful you are  
Wherever you are  
Wherever you are  
I hope you read the words I've written in the stars  
If you could hear my thoughts  
I've never forgotten you  
Wish I could let you know how wonderful you are  
Wherever you are  
Wherever you are
